Society of Friends of the Department for Language Science and Technology at Saarland University

The Society **Friends of LST (Language Science and Technology)** is a brand new, non-profit organisation. Created in 2017, it broadens the scope of the Alumni Society of Translation and Interpreting (**Amicale**), expanding its mission to the entirety of the new Department.

**Friends of LST** wants to support contact and communication between former and current students and staff of the Department. We will connect academia and industry, preparing students for their transition into the working life after graduation.

Some of our goals include:

- Keeping members up to date about developments in the Department through our newsletter.
- Organising and supporting activities within the Department.
- Maintaining contact between former members of the Department.
- Establishing and maintaining contacts with other national and international universities and institutions.
- Supporting research and teaching in the area of LST.

You can join the **Friends of LST** today! Just fill out and sign the application form. You can deliver it to us by mail, email or in person.

**Membership Payment Information**

Your membership supports our continuing efforts to grow our community. We ask you to transfer your membership fees within 14 days of signing up, and then annually by March 1.
